- Super cow prospect by the popular SHF Houston D287 H086 that has the bells and whistles to wear a show halter for a young person. This dark-red heifer calf's dam was bred by our good friends the Landrums and traces back to time tested K-State 308 donor for the Matheny family in Kentucky. Balanced, stout, and plum good in her phenotype with a cow family and EPD profile to make this fall baby a future front pasture cow.

Clemson is an absolute meat wagon. He is moderate framed with a great disposition. He is from one of my most consistent cows that breeds back every time, the first time. He is short marked but does have white on his feet and neck. His mother has a great looking udder with small teet's. I have liked this bull since he hit the ground!

- Here is an opportunity to acquire embryos out of some of the cornerstone females that built the Glenview Farms herd. THM 078 Wynter 4183 was one of our very favorite Mead donors. Dale Stith and Mohican Farms can tell you how productive the Wynter 4183 cow and her daughters are. The Stonewood YoPlait 2Y donor we purchased from River Valley Polled Herefords in Ontario and was one of the best About Time daughters in the breed. 2Y had the perfect combination of showing style and maternal traits. Miss Adair 29B is a Trust daughter out of the famed KSU Miss 6052F 308 cow that consistently worked so well for Matheny Herefords in KY. The sires of these matings need no introduction. This Birdwell Vanguard 5022 9337 son has a superb pedigree based on both sire and dam. The sire is backed by Validated, Tested and Sensation. The dam has Cuda, Trust and York in her lineage. Leroy Brown was bred to produce trouble free, highly productive and efficient offspring. He has 15 of 20 performance expectation measures in the top quartile and five in the single digits. We were fortunate to get two brothers to Leroy. One goes to Iowa Expo and the other stays in our herd. This thick, long bodied, well pigmented bull should be an asset to many breeding programs.

Lexi is a Red Baron daughter backed by at least 3 generations of leading genetics on the sire and dam sides. Her mother, a first calf heifer, had a trouble-free birth and weaned a calf comparable to that from mature cows. Expected performance measures are 13 of 20 in the top quartile and 9 of these in single digits. Her maternal characteristics make for a good addition to any herd. She might even make a donor. Well pigmented, feminine appearance make this girls one of the best of our spring calves.

L14 PBH Lucy is another Red Baron daughter with a similar background to Lexi. The mother is also a first calf heifer from the Perfecto line but she has a Homeland grandmother rather than York. Her EPD performance mirrors that of her half sister but has 8 rather than 9 in the single digits. Her mother was in a champion pen of 3 at Oklahoma City. A really close call as to which of the half sisters is the better.

- This February heifer has been a favorite since she was born. We believe she is showy enough to be in the ring but has what it takes to go the long haul. Her Dam and Grandam have continued to be assets in our herd. She is out of our herd sire, KH JLCS 81E Precedence J6, whose Dam was the highest selling female at the 2023 J and L cattle sale. She comes with an impressive set of EPD's, being in the top 10% for CE, MM, Teat and Udder Score. She is kid friendly and was shown by a junior.

- We are excited about this March heifer calf out of one of our favorite Revolution X51 cows. Her Dam is one of our foundation cows who continues to get the job done year after year. Her sire, KH JLCS 81E Precedence J6, has consistently thrown heifers that are the must keep kind. If you are looking for a cow prospect with a solid set of EPD's we believe Laura has what it takes. - EML Zelda Is Custom Made J012 is a stylish, deep cherry red with eyeliner female. She is an easy keeper, moderate framed and travels out on a great set of feet. This female is hard for me to sell, but I need to bank some for college funds, so I am bringing my best. Zelda is a former show heifer and is easy to work with.
- She will calve by sale time to KT Small Town Kid 5051. Buy with confidence.

- Looking for a big bellied double eye liner heifer? Then EML Miss Denver L122 is the gal for you. She is kid safe. She travels on a good set of feet and legs and is short marked. She completes the package with a striking head and neck set. Denver is a favorite of mine and hate to see her go, but college is only a year away and mom says I need to cut back on cattle numbers. My loss is your gain.
