If this deep sided, heavy muscled, smooth fronted, great structured bull was not related to most of our herd, he would not be leaving the farm. Super Fool is an easy-going bull that is so calm that he was broke to lead in a day. He will add plenty of hair, muscle, and docility to any herd he runs with. Super Fool is a bull that could compete in the show ring then go on and be an excellent herd bull. The Foolin' bulls are siring excellent cows and show calves.

White Lightening is the type of cattle we strived to create when we got into the shorthorn business. He has the added power that the breed has been missing the last generation. He's wide topped, big hiped, stout legged and huge butted. He is a PB out of a stout Red, White and Roan cow that will be a staple in our herd. An older yearling bull that will add profitability in your herd whether it be to create stout replacement heifers or shorthorn steers to hit the show ring. We have confidence in this one.

It had to be a good one to carry the name, for those of you who had the experience to show or judge at his namesake you'll understand. It is with Narrow Brook pride that we offer Mid-Continent in his entirety. This mating has been like peanut butter and jelly for us, when put together the outcome is predictable and sustaining. Mid Continent also floats with ease and power as he moves about his domain as he is built like a true herd sire. We can't wait for him to make his debut in Columbus, this will be another chapter in the book of Daphne.

This Bull Calf has been a favorite of ours since he hit the ground. Square hip and long extended front just set him apart from the other bull calves this past calving season. He is sired by STS Raising Kane, a Jakes Proud Jazz son, he was 2019 Reserve Champion Bull at the Ohio State Fair, Champion Shorthorn Bull at the North Carolina State Fair and a Class Winner at Louisville. This bull's mother is out of SULL FreightTrain and a Sin City cow, the good genetics run deep in this guy.

Once again this year we are excited to offer sale calves out of a bull we raised 'Motion'. The Champion Shorthorn Plus female at the 2021 Ohio Beef Expo was out of this sire. He has really added a lot of value to our program and we feel his son will do the same for yours. This guy is a very good structured bull offering a great combination of depth and length. He carries himself smoothly and is sound from the ground up.

Baby Dog got his name because he is just that, a baby. He's a February yearling son out of Big Shoots, a stout DJS Outsider son. A roan plus that can be used on PB or other plus cattle to create papered offspring. We see this one used best to produce elite replacement heifers to add profitability to your herd. Study this ones picture. He's level topped, tight chested and skinny fronted. Traits that are excelling in today's show ring. Bid with confidence here.

Breeding bull presence with a show bull look! Phenotypically wicked, Pissah is a real standout with great extension through his front end - plus that club calf hair! He is the first calf out of CF Montana 969 EV X, a young Evolution daughter who is a crowd favorite around the farm and the show ring. His sire has been creating elite females and quality replacements for commercial cattlemen as well. Good looks AND calving ease, wrapped in a functional, sound package.

Study this gals pedigree, then study the breeders behind this gals pedigree. White Opal stems from of the best breeders in the breed: Sullivan's, WHR and Meyers. That's unreal. She may be the best heifer ever born on our place. This solid white January heifer is ultra complete and possesses the traits needed to hit the show ring and hit it hard. She's big bellied, pretty fronted and sound as a cat. When she's done showing, we bet she ends up in your front pasture. My wife says that we shouldn't be selling this one and she's probably right. We're excited to offer our best here.

If you're looking for a quiet, sound, functional female, look no further. She has a clean front and an overall balanced look with plenty of shape and dimension. We purchased her mother in the fall of 2018 from Jeff Winkle at Cedar Lane Farms and flushed her the following spring. This mating to CLF Foolin' Around has hit consistently time after time for both us and Jeff. She is a full sib to the multi-champion bull VCCC Ain't No Foolin 1701, who has continued to gain popularity since his successful show career. We've retained a couple flush mates to DASC Cindy Beauty 2103, so it's time for us to share some success. Bid with confidence on this female.

It's been a while since we consigned to The Ohio Beef Expo, so we thought we had better "come in hot" on our return. Daphne's potential is scripted in her pedigree, it reads like a who's who of the Shorthorn breed. Follow the script to make your own best seller's here... just ask Quentin Keeran how many best sellers he had from a previous NBS Ohio Beef Expo consignment that resembled this year's offering. Oh yeah, and as Mr. Wendt always says "She will always be a Daphne!"

Greenbrier is an ultra elite purebred May born heifer. She's green in her conformation but pour the feed to her and she's sure to make a competitive bred next fall. She's sired by an Outsider son that stems from the Hahn family. Outsider may be the most underutilized bull in the breed and his genetics will value to your herd. This red and white May born heifer will be ultra competitive in the late spring class and produce in the pasture as bred.

We rarely let heifers go from this cow family but we already have a maternal half sib and a full sib in production. She would make a great addition to any herd. Being 7/8 blood, she should produce purebred calves when bred to a purebred bull.

R-C WG DAMN PROUD

DONATED BY: RC SHOW CATTLE

At 12 years of age Damn Proud continues to produce functional cattle for the show ring & the pasture. He works well not only with Shorthorns, but so many other breeds.  
Year after year the Ohio Shorthorn Juniors host a great Preview show & are the dominating state at Shorthorn Junior Nationals. They are the breeds future & we love supporting them.
